NRL - NRC Postdoc	Washington, DC	05/11-08/14

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
CSW Alternate Councilor/Board Member	2015-Present
CSW Member	2011-Present
ACS POLY Member	2012-Present
ACS Chemistry Ambassador	2008-Present
ACS Member	2004-Present

STATEMENT

I, Darryl A. Boyd, am running for CSW President-Elect. I desire this position because I want to carry on the tremendous legacy and tradition of this great chemical society. As President, I would focus on science communication in the DMV. In these times, combating scientific misinformation with fact-based science information is critical. This has been my passion for years, as evidenced by my role as CSW Public Relations co-Chair, in which I helped implement the 1st CSW Chemistry Ambassador Award. I have also served as an ACS Chemistry Ambassador for many years. Outside of CSW/ACS, I serve as the STEM Director at the Transformational Education Adventure Center (www.theteacenter.org/), and I run a science outreach website (www.drboydthechemist.com), where I work with children in an attempt to spread the joy of science to the policy decision-makers of tomorrow. Originally from Kalamazoo, Michigan, I obtained my BS in Chemistry from the University of Michigan, an MS in Biochemistry and PhD in Inorganic Chemistry from Purdue University. I was an NRC Postdoc at the Naval Research Laboratory before becoming a Research Scientist there in 2014. My recent honors include being named a 2018 Talented 12 member by C&EN.

Chemical Society of Washington Candidate Statements

Treasurer

Wesley S. Farrell
Treasurer

EDUCATION

Institution name	Degree or Student Status	Field of Study
Wake Forest University	Honors B.S.	Chemistry
University of Maryland	Ph.D.	Chemistry

PROFESSIONAL EXPERIENCE

Position	City/State	Start-End
Postdoctoral Researcher	Gaithersburg, MD	Sept. 2015 – July 2018
Adjunct Professor	Takoma Park, MD	Aug. 2016 - June 2017
Assistant Professor	Annapolis, MD	July 2018 - Present

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
CSW Manager	2014-2016
CSW Treasurer	2016 - Present
CSW SEED Coordinator	2018 - Present

STATEMENT

I am deeply honored to be nominated to continue serving as the Treasurer for the Chemical Society of Washington. I have been a member of CSW since moving to the DC area in 2010, and have been actively involved since 2014. I have served in various capacities, such as Coordinator for Project SEED, and hope to continue managing the Section's finances as Treasurer for another two years.

Allison Aldridge
Councilor

EDUCATION

Institution name	Degree or Student Status	Field of Study
Loyola University Chicago	Ph.D.	Chemistry
University of Illinois-Urbana-Champaign	B.S.	Biology

PROFESSIONAL EXPERIENCE

Position	City/State	Start-End
Food and Drug Administration (FDA)	Silver Spring, MD	2011-present
Speed Laboratory, Inc.	Buford, GA	2009-2011
RevoGenex, Inc.	Winder, GA	2009
Mikart, Inc.	Atlanta, GA	2005-2009

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
Member, Nominations & Electins	2019-2021
Member, Chemistd with Disabilities Committee	2012-2018
Councilor & President	2018
Chair, Committee on Minority Affairs	2009-2011
Secretary, Division of Professional Relations	2007-2008

STATEMENT

I am asking for your vote to elect me to serve as your councilor for CSW. I am a public servant and currently president of our local section. I was elected to serve on the nominations & elections committee for 2019. I also volunteer as an ACS career consultant. Our proximity to Washington, DC is our advantage.

Join me in this campaign to:

- Champion chemistry's role in natural resource conservation and environmental stewardship
- Advocate for 21st Century Chemistry Careers in the U.S.
- Sponsor member benefit programs on developing successful grants, post doc career transition, intellectual property protection and entrepreneurship
- Engage and encourage greater student, industry and government chemist participation

As your voice to ACS, I will foster an alignment of our members' needs with ACS opportunities/services.

CSW Publications Committee Chair	2013-2015, 2017-present
American Association for the Advancement of Science	2011-present

STATEMENT

I am honored to be nominated as a candidate for CSW Councilor. I current have many hats with my CSW service: I serve as a CSW Councilor, am the President-elect for 2018, and chair the CSW Publications Committee. As both President-elect and Publications Chair, it is extremely important to me that the general membership of CSW be empowered to be more involved in our organization. As a result, I want to use my time as a councilor to continue pushing for greater involvement by the CSW members themselves. I want to continue creating ways for you to amplify your interests, and ensure we as a Board are working on the things you care about. I as for your vote so I can continue to represent you and your voice in CSW leadership.

Chemical Society of Washington Candidate Statements

Councilor

Darón I. Freedberg
Councilor

EDUCATION

Institution name	Degree or Student Status	Field of Study
UC San Diego	A.B.	Chemistry
UC Los Angeles	Ph.D.	Organic Chemistry

PROFESSIONAL EXPERIENCE

Position	City/State	Start-End
Senior Scientist	Silver Spring/MD	1997-present

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
Board member	2006-2012, 2015-2018
Alternate Councilor	2013-2014
Founder and Chair of CSW travel grants to ACS	2012-present
Awards committee	2016-2017

STATEMENT

At this crucial time for science, it is more important than ever to ensure that our general community understands how Chemistry helps and impacts their daily lives. I do this by taking ACS Project SEED students into my lab as interns and by teaching Chemistry through various avenues. As a CSW board member, I enstated a program to enable student members to travel to ACS for professional development, experience and exposure. This program has been extremely successful. I have also worked with other committee members on various awards committees and in developing ideas for further involvement with our membership. I am now prepared to take the next step to Councilor where I will be participating in bi-annual national ACS meetings. I will continue to actively support CSW through attendance and voting at these meetings to promote policies that are important for CSW members. I also intend to take on additional responsibilities in the local section, including participating in the Awards committee regularly. I hope I can count on your vote.

Position	City/State	Start-End
Research Chemist, Food and Drug Administration, Center for Food Safety and Applied Nutrition	College Park, MD	1989-Present

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
CSW Councilor	2007 to Present
CSW Alternate Councilor	2006
CSW President-elect, President, Past-President	2002-2004
CSW Treasurer	1999-2001, 2004-2005
CSW Manager	1992-1998

STATEMENT

I am honored to be nominated to continue to serve as a Counselor for CSW. I have been active in CSW for more than 20 years and have held many positions within CSW, including President and Treasurer, and have served on many of the Committees, as a member as well as chair or co-chair. In 2016 I was selected as an ACS Fellow in recognition of my service to ACS and my outstanding achievements in and contributions to science, the profession, and the Society. If re-elected, I will continue to work with the Board of Managers and the other officers of CSW to ensure that the section provides the greatest benefit to its members within the constraints of a sound fiscal policy. I will also continue to serve CSW to help promote chemistry as a positive aspect of our society. I have served as the local section coordinator for National Chemistry Week (NCW) since 2003 and for Chemists Celebrate Earth Day (CCED) since 2005. At the national level of ACS, I am a member of the ACS Committee on Community Activities and the co-chair for the Volunteer Engagement and Recognition subcommittee. This committee has oversight and development for the NCW and CCED activities for ACS. I served on the Theme Team that developed NCW for 2015 and 2018 helping to develop the theme and the Celebrating Chemistry newsletter. I have also represented the section as the Middle Atlantic Regional Meetings delegate since 2014 and have helped to organize sessions at the MARM meetings.

Chemist, USN, Naval Air System Command	Patuxent River, MD	Oct 2016 to present
Adjunct Professor, Bowie State University	Bowie, MD	Jan 2016 to Aug 2016
Visiting Scientist, Library of Congress	Washington D.C.	Feb 2015 to August 2015
Conservation Science Fellow, The Walters Art Museum	Baltimore, MD	June 2014 to Dec 2014

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
Manager, CSW .	2017-2018
Project SEED Committee Member	2015-2018
Environmental/Sustainability Committee Member	2014

STATEMENT

The two main reasons I am running for the office of Councilor in the Chemical Society of Washington are to be involved in the community of chemists in the local area and to help shape the future direction of the CSW. There are thousands of American Chemical Society members at academic, corporate, non-profit, and government institutions in the Washington D.C area that are official members of the section, but only a small fraction have active involvement with the CSW. I want to work with the board to expose the membership of the section to the benefits of active participation. Bringing individuals with a wide variety of backgrounds together can offer new insights on different fields of chemistry and provide potential leads for collaborations and career growth. I hope to get feedback from section members on how they would like interact with the CSW.

I also want to use this position on the board to help spread knowledge of chemistry to the general public. Chemistry underlies the technology that makes modern life possible. Sharing how chemistry shapes the natural world with the public can be a rewarding experience for the chemist and the non-chemist alike.

Councilor

Matthew A. Windsor, PhD
Councilor

EDUCATION

Institution name	Degree or Student Status	Field of Study
U. Wisconsin-Madison	PhD	Organic Chemistry
Boston University	BA	Chemistry

PROFESSIONAL EXPERIENCE

Position	City/State	Start-End
Senior Manager, Science Communications, ARVO	Rockville, MD	2015-Current
Advocacy and Outreach Manager, ARVO	Rockville, MD	2014-2015

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
Subcommittee Chair, National Committee on Chemistry and Public Affairs (CCPA)	2017-Current
Member, National CCPA	2014-2017
CSW Alternate Councilor	2015 -Current
Member, Tennessee Government Affairs Committee	2011-2014

STATEMENT

As Councilor, my goal would be to ensure that the ACS member resources I have benefited from remain available to members today.

My resume was sharpened and career-direction questions answered by ACS Career Consultants. Volunteering with a state-based Government Affairs Committees gave me first-hand experience with science policy and advocacy. Contributing to a national ACS committee has provided experience in maneuvering within a bureaucracy -- something many of you are familiar with.

I am currently a subcommittee chair on the national Committee on Chemistry and Public Affairs (CCPA) and have completed a second term as CSW Alternate Councilor.

I wish to continue to give back to the Society that has given me so much. Your support will help make that possible. Thank you.

N/A	

STATEMENT

I'm a dedicated chemist looking to re-connect with the same local scientific community who influenced my career path. As a native Washingtonian, I participated in a number of citywide science fairs, science related field trips, and explored several laboratories in the District of Columbia. The hands-on exposure to analytical testing and a diverse group of scientific professionals was crucial in forming my perspective of science. I am interested in applying as a Manager at Chemical Society of Washington (CSW) because I want to contribute to the future development of outreach programs in the district.

Science Educator, Riverworks at Sturgeon City	Jacksonville, NC	4/2014 – 8/2014

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
ACS Scholars Recipient	2012 - 2014

STATEMENT

I am humbled to be nominated as a manager for the CSW. I have been an active ACS member since 2012 when I had the great honor of receiving the ACS Scholars award. If elected, I would focus on community outreach, engaging the youngest CSW members, and revitalization of the WCC.

Being an ACS Scholars recipient changed my life and I seek to repay that kindness by serving my community. In addition to my experience as a science educator, I have volunteered at numerous outreach events in a variety of capacities since 2009. Everything from the DC RESET program, the STEM Festival, and events at UNC. If elected, I would prioritize community outreach and enrich existing programs.

As a millennial, I offer the CSW a fresh point of view. Growing up in the Age of Information gives me insight regarding the youngest CSW members. If elected, I would emphasize new ways of engaging this demographic.

I am interested in revitalizing the local section of the Women Chemist Committee. I actively mentor girls interested in STEM; having a space for female chemists is important not only for members, but also as inspiration for the younger generation.

Thank you for your vote.

Process Control Technician, W.R. Grace	Curtis Bay, MD	November 2012 - July 2014

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
-------------------	------

STATEMENT

I am honored to be a nominee for the Board of Managers. I am excited about this opportunity and would like to express my gratitude for the organization and its many accomplishments. Since returning to the DC Metropolitan area upon after graduation in 2014, I have been attending meetings and find them to be simulating and informative.

I volunteer with the SEED Project and recently joined the 2018 Career Symposium Panel. I currently mentor at George Mason University; this is my way of building relationships and networks in the local communities. My goal is to advance CSW's mission where I go. I am passionate about outreach and helping people of all ages and backgrounds learn and engage more in chemical and environmental matters.

As a minority I bring a unique perspective, also my academic and work experience both in and outside of the lab could be very useful. Innovative and forward thinking are two of my strong characteristics; both will help to attack issues big and small. I promise to do my best to be a voice for African Americans, Women, members of the LGBT community as well as all other underrepresented groups and all other science lovers at large.

LEADERSHIP POSITIONS AND SIGNIFICANT ACTIVITIES IN ACS NATIONAL OFFICES, ACS LOCAL SECTIONS, ACS DIVISIONS, OR OTHER SCIENTIFIC GROUPS AND ORGANIZATIONS

Position/Activity	Year
-------------------	------

STATEMENT

I am honored to be nominated to serve as a manager for CSW. I have been member of ACS for 15 years. Over the last couple of years, I have become acquainted with members of CSW from various Thursday evening talks, volunteer events, and the 2017 ACS conference in Washington DC. These have been enjoyable opportunities to network and bring new ideas to my teaching. Many students have a hard time seeing the practicality of chemistry as well as the importance of being scientifically literate. As a CSW manager, I would like to support individuals to improve their scientific literacy through chemistry as well as support individuals who are supporting chemistry as a discipline. No one can survive without chemistry. Unfortunately, rigid traditions and perspectives about chemistry discourage people for seeing there are many sides to the discipline. I hope that serving as a CSW manager will provide more opportunities for diverse interactions to showcase chemistry in all areas of science. In addition, I hope these interactions will showcase the diversity chemists to support future generations with career options, community outreach, and inclusive education practices.

Position/Activity	Year
ACS SEED Program Mentor	2017-2018
Virginia Section of ACS: Member and Poster Presenter	2007-2014

STATEMENT

I would like to declare my intent to run for Manager for the ACS Chemical Society of Washington (CSW) Chapter. As a member of the CSW, I have actively attended meetings at the ACS headquarters and have made connections with chemists working in industry, academia, government, and other areas. As a native Virginian who works in Washington, D.C. and lives in Maryland, I feel that I can thoroughly represent all chemists throughout the DMV area. I received my B.S./M.S. in chemistry from the College of William and Mary, a PhD in chemistry from the University of Virginia, and was a postdoctoral research fellow at the University of Michigan. Currently, I am an Assistant Professor of Chemistry at American University. I am a bioanalytical chemist that utilizes fast scan cyclic voltammetry to detect neurotransmitters and other biomolecules. I am also currently a mentor in the ACS SEED Program where a local high school student performs research in my laboratory in Analytical Chemistry. I would like to serve as Manager for the CSW to serve and network with local chemists and increase American University's representation in the local ACS Chapter. I would be both honored and humbled to receive your vote.
